Message: Dear Gov. Cooper, Thank you for rejecting Trump's ideas for off shore drilling of oil and gas. Now I'm asking you to help stop the Atlantic Coast Pipeline. Oil and gas are on their way out as good energy sources, they are dangerous and dirty for North Carolinians, The ACP will not make a dent in our job situation, and will only put another useless and dangerous scar upon our state. Please do what you can to discourage it or outlaw it if possible. We have plenty of clean, economic and socially responsible energy in sun and wind in our state that we need to encourage and not allow the energy companies like DUKE to dominate it all. It's the right thing to do. Do the right thing and you'll go down in NC history as a true hero and Governor of the people!!!! Thank you, I'm glad I voted for you and will continue to support you!!!! April Tacey-Dickinson
